

FACT SHEET: Structural and Civil Engineering Plant

SOE Name	N.SH. Eurometal
Name of NewCo	NewCo Eurometal LLC
Location	Ferizaj/Urosevac
Business/Sector	Metal Construction
Products	Structural (metal halls, other metal constructions) and civil engineering (bridges etc) as well as fluid reservoirs (underground and above surface), small metal constructions and heat exchangers.
Market	Eurometal offers its structural and civil engineering all over Kosovo mostly to large customers. With its well established brand name and high quality products Eurometal is in a good position to be one of the major players in Kosovo and the neighboring region.
Competition	There are several metal construction companies in Kosovo, of different sizes, including IMK (SOE, Ferizaj), Çeliku (SOE, Gjilan), Vinex (SOE, Viti), Metali (private, Pristina), Flameing (SOE, Prizren), Lamkos (SOE, Vucitrn). Eurometal is one of the biggest metal construction companies in Kosovo.
Employees	The SOE currently employs 140 people.
Buildings and land	Eurometal comprises approx. 41.107 m ² of land and several buildings (production hall 9.622 m ² , administration building 2.933 m ² , warehouse 2.540 m ² and others) with a total developed area of approx. 15.095 m ² .

Liabilities to be transferred

Only limited liabilities and supplier and customer contracts necessary for the on-going operation of the NewCo will be transferred to the NewCo.
